TO WHOM IT MAY CONCERN

You have requested a letter from your GP to cancel your gym membership.

The unprecedented pressures that front line doctors and general practice are facing in response to the global pandemic of covid-19 mean that we are having to review our work to ensure that we are able to focus on our key duty of care for patients.

We are subsequently not able to provide this non-essential, private request for a letter.

You may like to share with your gym provider your relevant medical history which confirms you are following the national public health guidance on social distancing. This is available for you to download from the NHS app.

We hope your gym provider will work with you to find a solution which is acceptable to both parties considering the scale of the public health emergency this country is currently facing.

Yours sincerely,

The Partners,
The Blackmore Vale Partnership
